

REMARKS

Very thanks for Examination's suggestion and thanks for finding some citations about the present invention, thereby, the applicant may know more information about the invention. This case has been carefully reviewed and analyzed in view of the office action.

Responsive to the objections and rejections made of the Examiner in office action. We have amended the specification and claims. All the errors disclosed in that office action has been corrected according to the Examiner's indications disclosed in the official action.

Examiner has kindly provides reference prior arts about the present invention, and thus the applicant has more information about the invention. All details of the reference prior arts are fully considered and compared with the present invention.

Indeed the citations disclose some features of the present invention, and the applicant agrees with these viewpoints, however applicant discovers that some features of the present invention are not wholly disclosed by the citations, which are claimed in the original specifications and especially drawings.

Since claims 2, 4, 6, 7, 8 and 10 are allowed in condition, thus the applicant decides to cancel Claims 1, 3, 5, and 9, without prejudice or disclaimer of the subject matter thereof, and amend the original claims 2 and 7 as the following. The claims 4, 6, 8 and 10 are remained without any change. The amendments are according to the suggestions in the office action and thus no new matter is added in this amendment.

If there still is any error in the specification, claims, drawings, applicant requests and authorizes Examiner to amend the claims of the present invention so that the claim and specification can match the requirement of U. S. Patent. Attentions of Examiner to this matter is greatly appreciated.

It is now believed that the subject Patent Application has been placed in condition for allowance, and such action is respectfully requested.

Respectfully submitted.

Tsaur, Chang-Wen
